

MAXIMUS™
by MORCON

Maximus™ by Morcon is a proprietary electronic roll towel dispenser featuring an industry leading dispensing mechanism combined with an advanced MRS (Material Recognition System) technology.

MRS is a patented, proprietary, electronic system that utilizes infrared technology to read a barcode printed on the inside of core stock. Upon verification of the barcode, the system will either accept or reject the paper roll.

MAX RELIABILITY

Proven dispensing technology combined with a TRUE lock-out system.

MAX PERFORMANCE

Paper engineered to provide superior absorbency and strength to eliminate tabbing.

MAX RETURN ON INVESTMENT

Selective distribution and lock-out features propel your ROI to the MAX!

More Service. More Value.
